Since 2008 EnviroGroup have been installing solar PV systems across Victoria. We have more than 20 staff, including experienced project managers, photovoltaic engineers, energy auditors, accredited solar designers, licensed installers and electricians.

Our customers are helped along every step of the way when it comes to choosing a solar PV system, from deciding which product is right to the installation itself. We also install battery systems such as Tesla and LG Chem and design the right size system for you.

All the solar installations are performed by fully accredited contractors and come with a eight-year workmanship guarantee

Inverter Brands: Enphase, Fronius, SMA

Battery Brands: Enphase, LG Chem, Tesla Powerwall

Solar Panel Brands: SunPower, Trina Solar
